

June 16th: Wearable Art- Up and coming fashion designers and modern artists alike will love this camp! Campers will be tie-dying shirts, designing hand-painted hats, and creating jewelry that I'm sure will one day be seen on the red carpet! A trip to Color Me Mine will test our china design skills!

June 23rd: They Blinded Me With Science!- Put on your lab coat and protective eye-wear, our scientists will be mixing up some summer fun during science week. If we can't get our hands on a DeLorean to turn into a time machine, we'll just go to a museum instead!

June 30th: Our Duck-leration of Independence- Our older Ducks are in for an American sized Adventure! Taking our lead from National Treasure, we are spending this 4 day holiday week learning about American History with a new spin. Your camper will soak up 200 years of All American smarts with trips to the Barnes Britton House and Brandywine Battle field in search of clues to help them solve a very tricky scavenger hunt!

July 7th: They shoot. They SCORE!- You name it, we play it! This week we'll bounce, roll, shoot and swing our way through all kinds of summer sports. Team work and good sportsmanship will be in the top seat and everyone will be a winner at our end of week Bowling Party!

July 14th: Nature- We're in a great spot to stare at spiders, analyse ants, gape at geese, make friends with a frog, and play tricks on a turtle! Our pond is chock full of good stuff! We'll also take a trip to the Ashland Nature Center to walk along the nature trails and learn about conservation and ecology.

July 21st: This is from my Duck Period- The great thing about art is that EVERYONE can do it! We will explore all sorts of artistic mediums including photography and mosaic making. At weeks end we will take a trip to the Brandywine River Museum to see how we stack up to the pros.

July 28th: Wolfgang Duck- It may not be the Cordon Bleu but hey, it's a start! Our chefs in training will be making some incredible edibles every day. Learning how to read a recipe, basic units of measurement, and nutrition will be on the menu. We'll even put together our own cook book and attend a cooking class taught by a CIA graduate pastry chef at Talula's Table in Kennett Square. Oooh- La-La!

August 4th: Indian Jones and the Temple of Ducks- Everyone's favorite archeologist has inspired this new addition to our summer line-up. We will spend the week digging and deciphering while we learn about ancient Egypt, the Aztecs, and early tribes of Europe. We'll wrap up the week with a trip to the Delaware Museum of Natural History and don't worry, there won't be any snakes!

August 11th: High School Musical!- We're all in this together for a fabulous week of singing and dancing to everyone's favorite H.S.M. songs. We'll have daily karaoke performances, learn choreographed dance moves right from the movie, and even have a Sharpe' Day where everything will be FABULOUS! Don't worry- we won't forget the Wildcats! Even the boys will join in the fun just like Troy and the team with daily basketball games and lots of team spirit!

August 18th: Wet-n-Wild!! - This week is devoted to pruney fingers! We'll break out the slip-n-slide and the sprinklers, have water balloon fights and water relays, and even attempt to make our own drive through bike wash out of PVC piping. We may even head over to the Kennett Pool for a dip!

*** Weekly swimming and field trips is for older campers only. Campers pre-k through 1st grade will enjoy a few chosen field trips and a big splash party at the Kennett Pool during Wet-n-Wild week.**
